For Immediate Release**InsuranceNoodle, Inc. Announces 'Life Solutions' Term Life Agreement with BISYS®**

InsuranceNoodle to offer more than 2,500 independent commercial agents access to online, turnkey term life quoting and submission management system.

New York, NY (November 13, 2006) – InsuranceNoodle, Inc. (www.insurancenoodle.com) today announced it has signed an agreement with BISYS, the nation's largest independent wholesale distributor of life insurance, to offer BISYS' Life Solutions online term life quoting system to more than 2,500 independent insurance agencies currently using InsuranceNoodle's proprietary, online technology platform to write and service small commercial business.

"Our Life Solutions system automates the new business process for term life insurance policies, allowing our agents to reduce the time they spend on these smaller cases," said John Howard, President, BISYS Life Insurance Services.

"This alliance with BISYS enables InsuranceNoodle to further enhance our strategy of delivering our member agents outstanding, value-added services and products that supplement the broad admitted and non-admitted commercial product mix currently available to them on the InsuranceNoodle platform," said Kathryn Emmerson, Chief Executive Officer of InsuranceNoodle, the leading Internet-based distributor of small business insurance.

By using the Life Solutions platform, InsuranceNoodle agents can simply submit the basic information about their clients and obtain multiple, competitive quotes from leading term life insurers for face amounts under \$5 million. When they have a purchase order from their clients, they initiate the purchase request online and Life Solutions does the rest – interviewing the client, scheduling medical exams, mailing client applications and forms, following up on underwriter requirements and placing the policy.

"The BISYS Life Solutions system makes it possible for InsuranceNoodle member agencies to easily and cost-efficiently expand their business and reduce their expense exposure with a proven turnkey process," Emmerson said. "Life Solutions eliminates the need for agents to complete and track multiple forms and processes, automates the sales process and enables the agent to close cases quickly and get paid faster."

InsuranceNoodle's current line of commercial products includes property, general liability, package, businessowners' policy (BOP), directors' and officers' liability, commercial auto, umbrella liability, workers' compensation, employment practices liability (EPLI), professional liability and surety bonds.
